Lease, SW/4 of Sec. 24, T-22S,  
R-35E, Jalmat Field, Lea County,

---

Gentlemen:

We respectfully request your permission for an exception to a no-flare order on the above captioned lease.

The lease is located approximately 1/4 mile south of the nearest gathering system; however, we are at the present time negotiating with Phillips Petroleum Company to lay a line for a connection to this lease.

The gas volume to be flared on the lease by individual wells is as follows:

State "A" No. 1	23,184 CFGPD	GOR 504/1
State "A" No. 3	18,135 CFGPD	GOR 403/1
State "A" No. 4	14,061 CFGPD	GOR 327/1

At the present time, the State "A" No. 2 Well has not been completed.

Attached hereto please find plat and other pertinent data concerning this lease.
