

4. The Atlantic Refining Company has filed Form C-110 showing the present disposition of gas and after connection is made will file such form again.
5. Atlantic's State "AL" No. 1 is capable of producing top oil allowable for the Jalmat Pool, and if closed in to prevent flaring of gas, will fail to recover all recoverable oil under its proration unit. It is Atlantic's opinion that correlative rights and the best interest of conservation will not be protected if this well does not produce.

Respectfully submitted,

THE ATLANTIC REFINING COMPANY
