Gentlemen:

Please refer to your letter of April 26, 1957 in which you state that Phillips Petroleum Company is planning to buy the casinghead gas from your State "B" lease in Section 25, T-22-S, R-35-E.

Please be advised that it will be necessary for you to either obtain a connection or No-Flare Order for the No. 2 well by May 31, 1957 in order to avoid cancellation for that well.

Yours very truly,

OIL CONSERVATION COMMISSION
