Dear Mr. Campbell:

Our records indicate that you were notified by letter from this office dated August 4, 1959 that it would be necessary for you to either obtain a casinghead gas connection or a No-Flare Order for your Schermerhorn State No. 1 in Unit P of Section 36, T-22-S, R-35-E, Jalmat Pool, no later than October 6, 1959. Our files do not reflect that you have done either, however.

In order to avoid allowable cancellation for this well, please either file Form C-110 showing the transporter of the casinghead gas, or make application to the office of the Commission in Santa Fe for a No-Flare Order without further delay.

Yours very truly,

OIL CONSERVATION COMMISSION
