Re: Proposed NSP _____

Proposed NSL _____

Proposed NFC _____

Proposed DC X

Gentlemen:

I have examined the application dated 4/17/62

for the Gulf Oil Corp. J. F. Janda NCT-f #6 4-22-36
Operator Lease and Well No. S-T-R

and my recommendations are as follows:

O.K.---E.F.E.

Geologically O.K.---J.W.R.

Yours very truly,

OIL CONSERVATION COMMISSION

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes the need for transparency and accountability in financial reporting.

2. The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental procedures and the tools used for data collection.

3. The third part of the document presents the results of the study, including a comparison of the different methods and techniques used. It discusses the strengths and weaknesses of each method and provides a summary of the findings.

4. Discussion and Conclusions

4.1. The results of the study indicate that the use of multiple methods and techniques is essential for obtaining accurate and reliable data.

4.2. The study also highlights the importance of maintaining accurate records and the need for transparency and accountability in financial reporting.

4.3. The findings of the study suggest that the use of multiple methods and techniques can significantly improve the accuracy and reliability of data collection.

4.4. The study also identifies several areas for further research and development, including the need for more advanced data collection and analysis techniques.

4.5. In conclusion, the study demonstrates the importance of maintaining accurate records and the need for transparency and accountability in financial reporting.
