- * Should waivers from all other operators not accompany an application for administrative approval, the New Mexico Oil Conservation Commission will hold the application for a period of twenty (20) days from date of receipt by the Commission's Santa Fe office. If, after said twenty-day period, no protest nor request for hearing is received by the Santa Fe office, the application will then be processed.
 NOTE: If the proposed dual completion will result in an unorthodox well location and/or an unorthodox production unit in either or both of the producing zones then separate application for approval of the same should be filed simultaneously with this application.
