17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Both zones in this dual well have been shut in since 1964. We propose to T.A. South Eunice oil zone by placing a DR plug in 415 D packer at 3725'. We also propose to swab test the Jalmat gas zone for water production and if water is not excessive, add selective perms from 3549-3648' & stimulate w/500 gal of acid.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
