17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates including estimated date of starting any proposed work) SEE RULE 1103.

The Jalmat gas zone in this well was swabbed weekly until September, 1970 in an unsuccessful attempt to restore gas production and the well has been shut in since that time. In April, 1971 the wellhead was equipped with extra heavy nipples and 3000# WOG valves. This well will be held for possible secondary recovery operations.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
