Re: Application to Dually Complete
Sinclair's Proposed State 157
"A" No. 2 well in the Jalmat
Gas Pool, Lea County, New Mexico

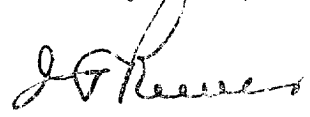

Gentlemen:

Please refer to Sinclair's application of February 23, 1955 which requested permission to dually complete their proposed State 157 "A" No. 2 well. This lease was properly described in the text of this application and in the Commission's subsequent Order No. DC-184 as being the SE/4 of Section 9-22S-36E. However, on the gas well plat submitted at that time, Sinclair's State 157 "A" Lease was erroneously shown to be in the NE/4 of this section.

The attached gas well plat corrects this error and properly shows subject lease to occupy the SE/4 of Section 9-22S-36E. Please destroy your copy of the erroneous gas well plat.

We are sorry that this error occurred and hope that the corrected plat will straighten out your files on this matter.

Yours very truly,

J. T. Reeves

Enclosed is a copy of the corrected plat. This plat is being filed with the Commission's records.
