Title

## INSTRUCTIONS

This form shall be prepared and filed in QUADRUPPLICATE with the District Office of the Oil Conservation Commission covering each unit from which oil or gas is produced. A separate report shall be filed for each transporter authorized to transport oil or gas from the unit. After said certificate has been approved by the Oil Conservation Commission, a copy shall be returned to the transporter, one copy returned to the producer and two copies retained by the Oil Conservation Commission.

A new certificate shall be filed to cover a change in operating ownership and such change in the name of the unit. In the case of a temporary change in the transporter (including a change in allowable production for one proration period), the operator or owner of the unit and a new certificate notify the Oil Conservation Commission District Office of the transporter authorized by certificate on file with the Commission to determine the estimated amount of oil or gas to be moved by the transporter in the future and the name of such temporary transporter. Such notice shall also be furnished such temporary transporter. The transporter shall not move any more oil or gas than the estimated amount shown in said notice.

This certificate when approved, executed and approved by the Oil Conservation Commission shall be valid for pipe line connection and authorization to transport oil or gas from the property named therein and shall remain in full force and effect until:

- a. The operating ownership changes
- b. The transporter is changed or
- c. The certificate is cancelled by the Commission.

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the same time this report is filed, explain fully under the heading "REMARKS."

In all cases where a new certificate is filed to cover a change in operating ownership or a change in the transporter designated to move oil or gas, show under "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil or gas.

A separate report shall be filed to cover each producing unit as designated by the Oil Conservation Commission.
