Re: Recompletion from Arrowhead Grayburg to Eumont Y-SR-Qn Oil  
H.T. Mattern NCT-E #3-D  
Sec. 12, T22S, R36E

Gentlemen:

We have assigned an oil allowable to the above-referenced well in the Eumont Pool effective July 1, 1991. Since this well lies within an established 440 ac Eumont proration unit it will be necessary for you to make application to have this proration unit reduced by the deletion of the 40 acres dedicated to the #3 well.

We have issued a gas supplement deleting this acreage and you will have 60 days in which to get this order amended. Failure to do so will result in the cancellation of your allowable.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton  
Supervisor, District I
