INSTRUCTIONS

This form shall be prepared in QUADRUPPLICATE with the District Office of the Oil Conservation Commission, covering each unit from which oil or gas is produced. A separate certificate shall be filed for each transporter authorized to transport oil or gas from the unit. After said certificate has been approved by the Oil Conservation Commission, one copy shall be forwarded to the transporter, one copy returned to the producer and two copies retained by the Oil Conservation Commission.

A new certificate shall be filed to cover each change in operating ownership and each change in the transporter, except that in the case of a temporary change in the transporter having less than the allowable production for one proration period, the operator shall file a notice of temporary change. After said certificate has been approved by the District Office of the Oil Conservation Commission, the transporter authorized by certificate on file with the Commission, by either of the following methods, may move oil or gas to be moved by the transporter temporarily from the unit and the name of such temporary transporter shall be filed. If such notice shall also be furnished such temporary transporter, the transporter shall not move any more oil or gas than the estimated amount shown in said notice.

This certificate when filed, executed and approved by the Oil Conservation Commission shall constitute a permit for pipe line connection and authorization to transport oil and gas from the property owned therein and shall remain in full force and effect until:

- (1) Changing ownership changes.
- (2) The transporter is changed or
- (3) The permit is cancelled by the Commission.

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the same time this report is filed, explain fully under the heading "REMARKS."

In all cases where a file is filed to cover a change in operating ownership or a change in the transporter designated to move oil or gas, show under "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil or gas.

A separate report shall be filed to cover each producing unit as designated by the Oil Conservation Commission.
