Gentlemen:

Re: Application for 320 acre non-standard gas proration unit for the State-McDonald #1 well, Yates Jalmat Gas Unit to comprise the S/2 of Section 14-T22S-R36E, Lea County, New Mexico

Western Natural Gas Company respectfully submits this application for administrative approval for an exception to Rule 5 (a), Order R-520, to authorize for its State-McDonald #1 well, Jalmat Gas Pool, a 320 acre non-standard gas proration unit comprising the S/2 of Section 14, T-22-S, R-36-E, Lea County, New Mexico.

The following facts are offered in support of this application:

1. Western Natural Gas is the lessee and operator of a gas lease consisting of all of Section 14, T-22-S, R-36-E, with the SW/4 of Section 14 comprising the present 160 acre proration unit for the State-McDonald #1 well.
2. Western Natural Gas proposes that the 160 acres of SE/4 of Section 14 be added to the State-McDonald #1 present gas proration unit as indicated on the accompanying plat.

American National Gas Company respectfully submits this  
 application for administrative approval for an exemption to  
 Rule 5 (a) Order R-250, to authorize for its Home-Modernized #1  
 well, which has hole in 320 rods non-standard gas production and  
 comprising the 2 1/2 of Section 14, T-23-N, R-36-E, Sec County, Tex.  
 Mexico.

The following table are attached for your information:

1. Western Natural Gas is the lessee and operator of a gas lease consisting of all of Section 34, T-36-S, R-36-E, with the SW 1/4 of Section 34, containing the present and potential oil and gas. The State-Monarch Oil well.
2. Western Natural Gas proposes that the oil and gas in the SW 1/4 of Section 34 be added to the State-Monarch Oil well and that the gas production unit be located on the accompanying plat.
