Mr. J. D. Hunter,
State Oil & Gas Inspector,
Carlsbad, New Mexico.

Dear Mr. Hunter,

Please refer to your letter of July 9th. regarding our 'Notice of Intention to Drill New Well' covering our No. 2 State-McDonald in the south Eunice field.

In some way, we neglected to finish out our casing program on the above mentioned report. Will you please insert the following information on your copy.

We will use 6 5/8" Casing, 22#, New at an approximate depth of 3600' depending on the oil bearing formation. This pipe to be cemented.

I believe that with this information, you will be in a position to OK this Notice of Intention to Drill New Well.

Very truly,

ACB/rmh
