The Ohio Oil Company
Box 00
Hobbs, New Mexico

Att: Mr. A. C. Brown

Dear Mr. Brown:

This will acknowledge receipt of your "Notice of Intention to Drill New Well" covering your State-McDonald No. 1 in the South Lunice Area.

In regards to the casing program as submitted by you for this well. I do not have the authority to approve a program of this kind for this area at present.

Dr. Wells was here a short time ago and we talked with several of the operator and also Mr. Taylor of the U. S. G. S. on casing programs for wells in the Southern part of Lea County. Since there was such a varied opinion on this subject; Dr. Wells and Mr. Taylor decided it would be advisable to call a meeting of all operators within the near future to get this matter settled. At that time they planned a meeting for sometime this week, but as yet, I haven't had anything definite on it.

I am positive there will be no objection to the 13-3/8" at 500' but beyond that I cannot say at this time. Trusting this will not cause any delay and I expect to have something definite within a short time.

Very truly yours,

J. D. Hunter,
State Oil & Gas Inspector
