Re: Reclassification of Well  
State "H" #2-H 17-22-36  
Jalmat Pool

Gentlemen:

Due to the recently submitted gas/oil ratio test for the above-referenced well, the well will be reclassified to a gas well in the Jalmat Gas Pool effective September 1, 1987, and the oil allowable cancelled that date.

If for some reason you feel this test does not reflect the proper classification of the well, please submit another test for our consideration by July 24, 1987.

Please furnish this office with revised C-102 outlining acreage dedicated to this gas well classification. Also, if transporters change as a result of reclassification, please submit Form C-104 so indicating. Please advise this office if the gas is separately metered.

Very truly yours,

OIL CONSERVATION DIVISION

Supervisor, District I
