Section 23, T22S, R36E
Jalmat-T-Y-SR

Gentlemen:

Due to the recently submitted gas/oil ratio test the above-referenced well will be reclassified from gas to oil effective July 1, 1989.

If for some reason you feel this test does not reflect the proper classification of the well, please submit another test for our consideration by May 26, 1989.

If the well is to be reclassified, please submit to this office a revised acreage dedication plat outlining 40 acre oil proration unit. Also, if transporters change as a result of reclassification, please submit Form C-104 so indicating.

Very truly yours,

OIL CONSERVATION DIVISION
