RE: Conoco, Inc., SEMU # 86, Lea County, New Mexico

Dear Nelda,

Please see enclosed the documentation concerning the SEMU, Well #86 which reflects that this well was recompleted from the Tubb formation to the Blinebry formation. This well does not have a DHC order and we do not anticipate downhole commingling at this time. I will notify Phyllis Lansdowne in the Ponca City - Conoco reporting office that the well is completed only in the Weir Blinebry at this time.

Please let me know if you need further information on this well.

Thank you,

A handwritten signature in cursive script, appearing to read "Ann E. Ritchie".
