Re: Linda Federal #1-K
Section 23, T20S, R3&E

Gentlemen:

Your November 20th letter indicates you have approval to downhole commingle the Blinbry and Warren Tubb zones in the above-referenced well. If the well has already been downhole commingled, please send us a copy of your sundry notice covering this work and a downhole commingled gas/oil ratio test (Form C-116) reflecting the percentage breakdown as approved by DHC-631.

If the downhole commingle work has not yet been completed, please submit your packer leakage test for this well.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
