(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

It is proposed to convert this well from a shut-in oil well, in the Weir Drinkard Oil Pool, to saltwater disposal in the San Andres formation. A joint application (attached) was filed with the NMOCD for this well and the SEMU No. 9 for SWD approval and the case was heard in Santa Fe 10/3/90. The approved order will be forwarded to the BLM when it is signed and received from the state.

Mr. Michael Stogner  
New Mexico Oil Conservation Division  
P.O. Box 2088  
Santa Fe, NM 87501

Dear Mr. Stogner:

Request for Examiner Hearing  
October 5, 1990 for approval  
to convert Conoco's Southeast  
Monument Unit Wells No. 95 and  
No. 9, Lea County, New Mexico  
to Saltwater Disposal

With the filing of the attached C-108, Conoco seeks approval: (1) To convert its Southeast Monument Well No. 95, located in Unit J, Section 23, T-20S, R-37E, Lea County, New Mexico, from a shut-in oil well, in the Weir Drinkard Oil Pool, to saltwater disposal in the San Andres Formation and (2) to re-activate its shut-in Southeast Monument Unit Well No. 9, located in Unit O, Section 23, T-20S, R-37E, Lea County, New Mexico, to saltwater disposal in the San Andres formation.

The SEMU Well No. 9 was an approved SWD well at the time it was shut-in in 1971. Since the permit for injection into this well is 25 years old and injection has not actually occurred since 1971, it was included in this application for re-approval to ensure that it conforms to current OCD standards and requirements for saltwater disposal wells.

Attached are three (3) copies of the subject Application. Please schedule this case for the October 5, 1990 examiner docket.

Both of these wells are on the interior of the Southeast Monument Unit and there are no offsetting operators. A copy of this Application is also being sent to the surface landowner of the acreage on which these wells are located.

Yours very truly,

Jerry W. Hoover  
Regulatory Coordinator
