

INSTRUCTIONS

This form is to be filed with the appropriate District Office of the Commission not later than 20 days after the completion of any new well or the deepening of an existing well. It shall be accompanied by one copy of all electrical and radio-activity logs run on the well and a summary of all radio-activity logs run on the well. It shall also include a log of all fluid samples collected from the well, including drill stem tests. All depths reported shall be measured depths. In the case of directionally drilled wells, true vertical depth shall also be reported. For multiple completions, Items 30 through 34 shall be reported for each zone. The form is to be filed in quarterly reports for wells on state land, where six copies are required. See Rule 1105.
