Gentlemen:

As a result of the recently submitted gas-oil ratio test for your Lamar Lunt Well No. 2 located in Unit J of Section 20, T-22-S, R-36-E, the well will be reclassified as an oil well in the Jalmat Pool effective September 1, 1981.

Please submit two copies of a revised Form C-102 outlining a 40 acre dedication as an oil well. Also, it will be necessary for you to submit Form C-104 designating the transporter of the oil, and if a change of gas transporter occurs as a result of this reclassification, the change should be made on Form C-104.

Yours very truly,

OIL CONSERVATION DIVISION
