

4. Location of tank batteries and flow lines.

SEE ATTACHED MAP

5. Location and type of water supply.

X Water to be hauled _____ Water to be piped.

See attached map. Fresh water and brine water to be hauled from
Eunice, NM by Rowland Trucking Co.

6. Source of construction materials.

See attached map.

Existing caliche pit approximately ½ mile north of well location.

7. Methods for handling waste disposal. Well cuttings will be disposed of in reserve pit. Suitable trash pits or containers will be provided at location for containment. If well is productive, maintenance waste will be placed in special trash cans and hauled away periodically.
