If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This is a request to maintain temporarily abandoned status for this well. This well passed a casing integrity test April 1, 1999. John H. Hendrix Corporation plans to test the Abo in our Linda Federal No. 1 within six months. A successful well in the Abo would make this well a deepening prospect in the Abo. Plugging this well now will result in a premature abandonment.
