13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

This is a request to maintain this well on temporary abandon status. This well is a direct offset to Conoco's Warren waterflood. Conoco may have a valuable use for this well resulting in increased revenue to the BLM. Plugging this well now may result in a premature abandonment. There is also recent drilling activity in the area that has spurred some interest. Lastly, JHHC only hold wells TA where we think they have economic value. We would/or will plug immediately if this well was an environmental hazard.
