Re: Warren McKee Brine Well #1
Sec. 2, T20S, R38E

Gentlemen:

Your request to leave the Warren McKee Brine Well #1 shut in with the well to be used as a backup supply well for the #2 well is hereby granted.

This approval is subject to the proper TA of the #1 well with a retrievable bridge plug at approximately 1400 feet and the annulus loaded with packer fluid.

Very truly yours,

OIL CONSERVATION DIVISION
