Re: Dual Completion Application
Langley Getty Com No. 1
Lea County, New Mexico
Section 21, T-22S, R-36E

Gentlemen:

Atlantic Richfield Company respectfully requests approval to dually complete the subject well between the Ellenburger and Devonian gas zones. This application is being filed in accordance with Commission Rule 112-A. We further request this dual completion be approved administratively and make said application for such approval on Form C-107. It is our intention to produce the subject well as a gas-gas dual. Hydrocarbon from each of the zones can be safely and efficiently produced through parallel strings of tubing.

In support of our application for Administrative approval of a multiple completion, we submit in quadruplicate Commission Form C-107, Application for Multiple Completion. This application is accompanied by the following:

- a) Diagrammatic sketch of the multiple completion.
- b) Plat showing the location and the completion of all wells on our lease, all offset leases, and the names and addresses of the operators of offset leases.
- c) A Gamma Ray-Neutron/Density log of the well with tops and bottoms of producing zones and the intervals to be perforated indicated.

RECEIVED
