

CONTINENTAL OIL COMPANY
SEMU Burger S Nos. 100, 101, 102 and Warren Unit No. 61
POWER DISTRIBUTION

A plot is attached showing the proposed well location, existing power lines, proposed power lines and drawings of the pole design.

It is proposed to tie in to an existing primary line and construct a primary line at 330' per span with a transformer bank for each well. A 20' right of way will be required to install these lines. The proposed lines are staked.

- Well No. 100 - The distance from the existing primary line is 1320'.
- Well No. 101 - The distance from the existing primary line is 990'.
- Well No. 102 - The distance from the existing primary line is 660'.
- Well No. 61 - The distance from the existing primary line is 1650'.
