Gentlemen:

Dual Completion of Burger B-20 No. 1

Attached is a copy of the proposed wellbore diagram and a copy of a map showing the location of the Conoco operated Burger B-20 No. 1. We are currently drilling this well and will make application to the New Mexico Oil Conservation Division to dually complete. In order to expedite NMOCD approval we request from you, as offset operator, a waiver to dually complete Burger B-20 No. 1.

Enclosed are three copies of this letter. Please execute the waiver below within ten days and return two copies to us. We will then forward one copy to the NMOCD with our application.

Yours very truly,

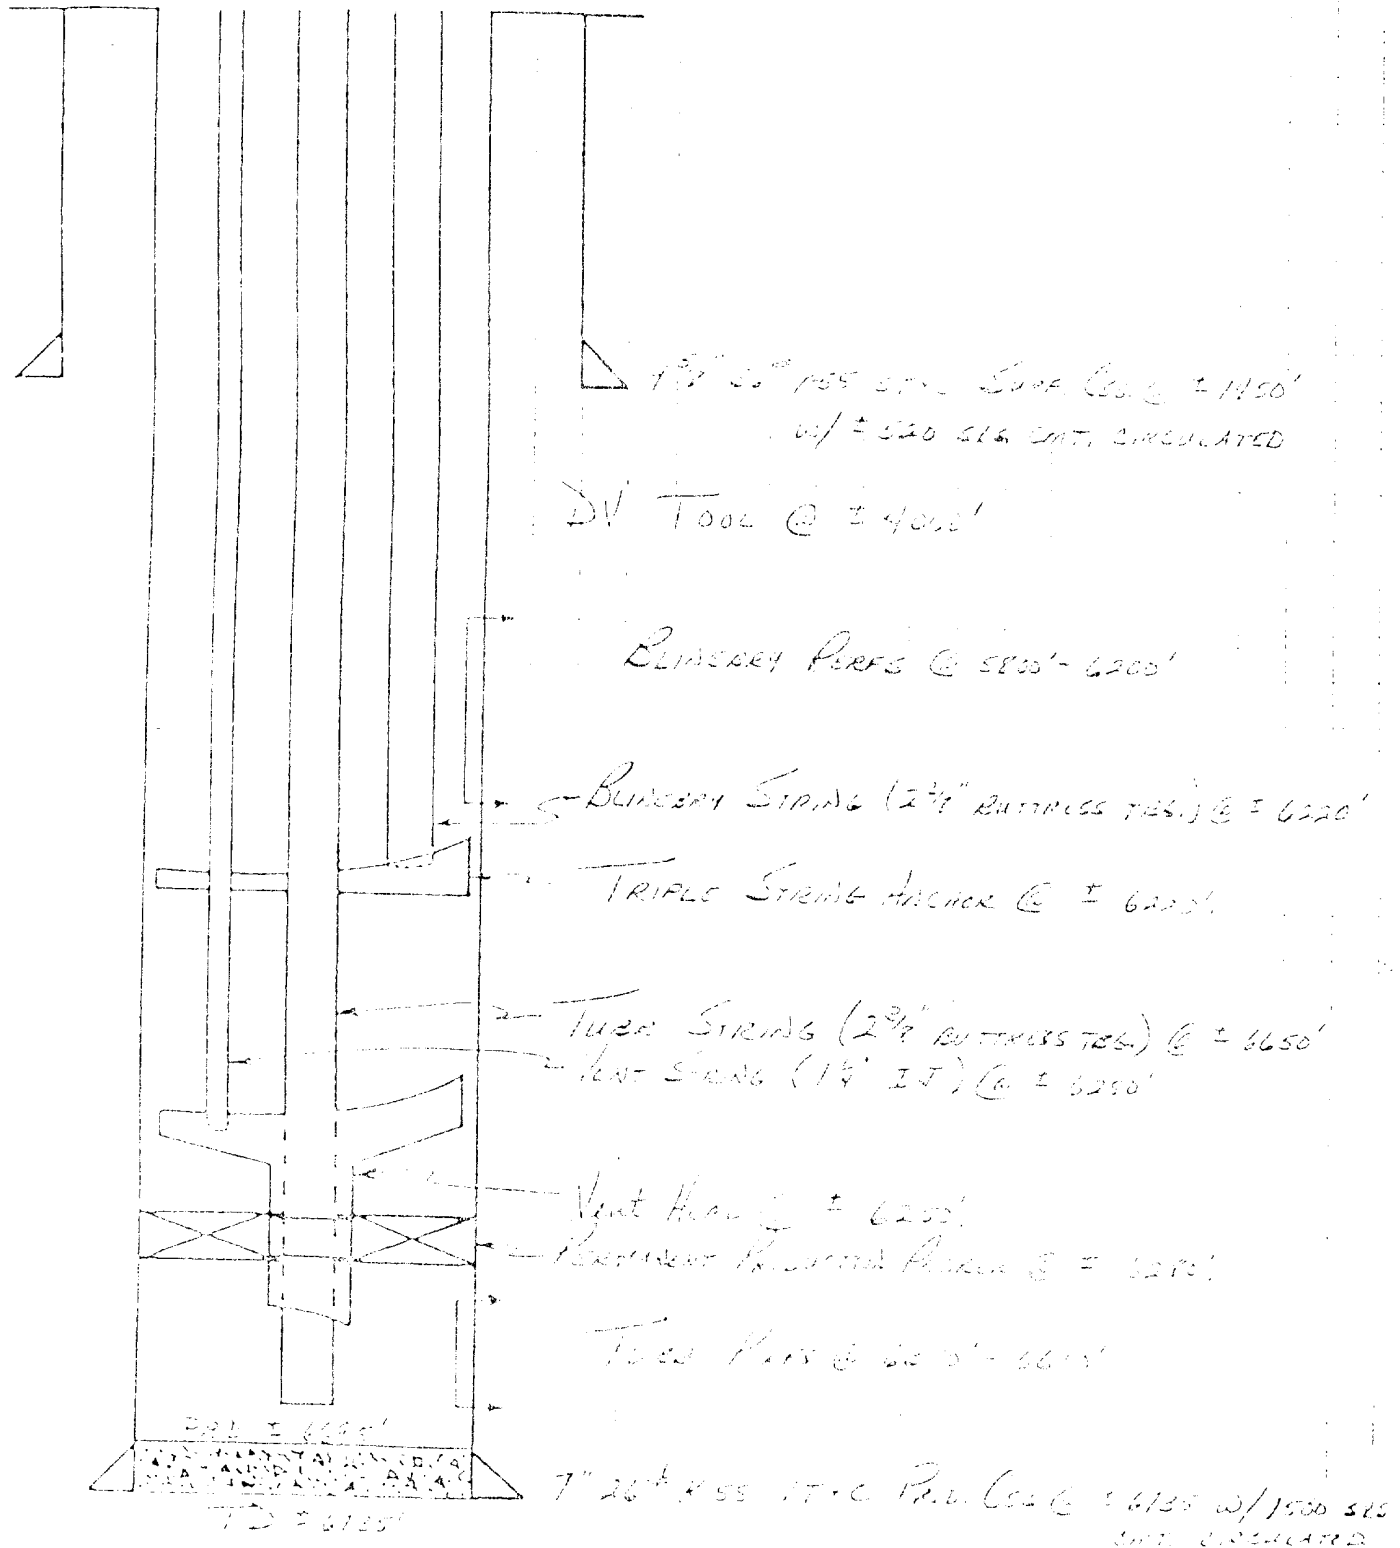

JPA:cab
