Oil Conservation Division
P.O. Box 2088
Santa Fe, New Mexico 87504
Attention: Mr. William J. LeMay - Director

Dear Mr. LeMay:

Chevron U.S.A. Inc. submitted an administrative approval for a non-standard gas well location for the W. T. McComack No. 18 on December 8, 1994. The OCD responded on January 6, 1995 with a letter advising Chevron to obtain written waivers from the offset operators (copy attached).

Chevron has recieved a written waiver from Amoco, attached. Arco sold their interest in the Tubb to Zia Energy Inc. and in numerous verbal communications with Zia, Zia indicated they will not sign the waiver, but will not object to the non-standard location. Texaco also indicated they will not sign the waiver, due to internal procedures, but will not object to the non-standard location.

Chevron U.S.A. Inc. respectfully requests your approval of our original application filed on December 8, 1994, in light of the information provided. If you have any questions, or if you require further information, please contact Lloyd Trautman at (915) 687-7152.

Sincerely,

A handwritten signature in cursive script that reads "Lloyd V. Trautman".

*Re: Application for Administrative Approval of an
Unorthodox Gas Well Location for the W. T.
McComack Well No. 18: 210'FNL - 2390'FEL
(Unit B) of Section 32, Township 21 South, Range
37 East, NMPM, Tubb oil and Gas Pool, Lea
County, New Mexico.*

Dear Mr. Trautman:

Subsequent to the Division's initial review of the subject application we have determined that due to the extreme nature of this matter and the crowding to other off-set operators, written waiver from Amoco, Texaco and ARCO would be advisable.

Please provide me with waivers from the three aforementioned off-set operators so that I may process this application.

Thank you for your cooperation.

Sincerely,

Michael E. Stogner
Chief Hearing Officer/Engineer

WAIVER TO OBJECTION

We, the undersigned, as an offset operator, waive any objection to Chevron U. S. A., Inc.'s application for NMOCD approval of a Non-Standard gas well location in the Tubb Oil and Gas Pool. The location is 210 feet FNL and 2390 feet FEL, Section 32, Township 21 South, Range 37 East, NMPM, Lea County, New Mexico. We further understand that this well will be dedicated to a standard 160-acre gas proration unit. This proration unit comprises the NE/4 of Section 32, Township 21 South, Range 37 East, NMPM, Lea County, New Mexico.
