Warren Unit No. 85 - Unit L, Section 29, T-20S, R-38E

Conoco Inc. requests permission to permanently vent produced natural gas from the above referenced well.

This well was completed in the Blinebry Pool in 1981 and permission to vent the gas was received at that time for a one-year period. The well is presently producing approximately 2 BOPD with the gas TSTM.

Thank you for your assistance in this matter.

Yours very truly,

COY:mhe
