

New Mexico Oil Conservation

-2-

August 27, 1982

the revised C-102 and the letter requesting administrative approval of our unorthodox location and non-standard proration unit.

We understand that upon the approval of the C-123 your office will forward our request for administrative approval of our unorthodox location to your Santa Fe offices.

If additional information is required please advise this office.

Yours very truly,

Robert S. Lane
Asst. Petr. Engr. Mgr.
