17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The week of April 21-25, 1986 the RBP at 6977' was pulled from this well. Both the upper Abo (6657-6967') and the lower Abo (7001-7305') were placed on rod pump. When this well was completed in February 1986 the upper Abo flowed. In April it ceased flowing so the well was placed on rod pump.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
