Attn: Mr. Jerry Sexton
Supervisor, District I

Dear Mr. Sexton:

BTA Oil Producers by this letter is submitting notification that the above referenced well will be temporarily abandoned in the Atoka-Morrow zones. The abandonment is required by Order No. R-9009. The wellhead valves have been closed and locked effective 1/4/90.

At the present time there is no pressure on the tubing-casing annulus on this well. The casing pressure will be monitored with a 24 hour pressure recorder once a year and reported to your office.

If you have any questions or comments, please contact me.

Yours very truly,
