Jalmat-T-Y-SR Pool

Gentlemen:

We have been advised by ARCO Oil and Gas Company that the above-referenced well was connected to your gathering system December 26, 1988.

Please file a gas connection notice for this well. General rules for prorated gas pools in New Mexico as established by R-8170 Rule 5(b)1 require that we have an affidavit from the gas transporter showing connection date before we can approve their C-104 and assign a gas allowable for this well.

Your prompt attention to this request will be appreciated.

Very truly yours,

OIL CONSERVATION DIVISION
