Samson Resources Company respectfully requests permission to immediately transport condensate from the Antelope Ridge Gas Line Condensate Tank as described in a previous Sundry Notice. I have been notified by our field personnel that the tank is near full, and needs to be emptied soon. Please contact me at (918) 591-1970 upon approval of this request so that I may notify our field personnel as soon as possible. Upon approval, Scurlock Permian Corp. will be called to pick up the condensate. If required, Samson field personnel will notify the appropriate BLM field office before condensate is removed from the location. Thank you for your prompt attention to this request.
