Lea County

Dear Sir,

In reference to the above captioned well, we received a notice from the Oil Conservation Division dated 6-16-92 requesting that production cease on this well until our overproduction is made up. We show that we have underproduced our allowable as follows:

<u>Month</u>	<u>Production</u>	<u>Allowable</u>
Jan	5870	8804
Feb	5144	7952
Mar	6089	8804
Apr	6182	8520
May	N/A	8804

The data above shows we have been underproducing for the past months and anticipate being underproduced in the future. Since we are steadily underproducing, the overproduction will be made up.

We respectfully request that we be allowed to produce the well at the current rate of 170-200 MCF/day.

Yours truly,

Kate Ellison, Agent
