	OTHER: <input type="checkbox"/>

12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

- May 18, 1994, an APD was approved to drill a Tubb-Drinkard well to a proposed depth of 6975 feet.
- August 19, 1994, an amended APD was filed to drill this well as a Wildcat Ellenburger-Granite Wash well to a depth of 10,550 feet.
- Recent 3-D Seis evaluation over this location has condemned the deeper zones.
- Therefore, it is requested to return to the original May 18, 1994 drilling plan.
- Current evaluation has revised the proposed Tubb-Drinkard TD at 7050'.

It is proposed to spud this well approximately June 1, 1995
