The New Mexico H State NCT-2 was permitted in 1990 at 90/S & 1980/W with API # 30-025-30894. When the new intent to Drill came in signed 6-27-94 at a new location, 1980/N & 660/E) it was decided to give it a new API # because of the big change of location. If you have any questions please call the number above.
