13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Pogo Producing Company respectfully request permission to complete the Red Tank 35 Federal #3 as a disposal well. This is due to the well having poor shows in the zones of interest and the need for additional economical means of disposing produced water in the area.

Pogo plans to inject produced water in the Bell and Upper Cherry Canyon formations (4950' - 6252').

Application has been approved by the OCD as per Administrative Order SWD-616. (copy attached)
