RE: Conoco, Inc., Monument Tubb, State CC 16, Well #1, Lea County, New Mexico

Please see enclosed the C-104 which reflects the Monument Tubb for the above referenced well. In reviewing the file, we filed a sundry notice on 6-7-97 reporting the abandonment of the Paddock perms and putting the well back on production in the Tubb zone.

The well was initially completed in the Monument Tubb in May, 1996, tested in the Blinbry in July, 1996, tested in the Paddock in 12/96, and then put on production in the Tubb in May, 1996. Please let me know if you require a C-105 to put the well back on production in the Monument Tubb or if the C-103 filed on 6-7-97 is sufficient. Thank you.

Yours truly,
