RE: Conoco, Inc., Warren Unit, Well #130, SEc 34, T20S, R38E, Lea County, NM

Ladies/Gentlemen:

We have been waiting on the logs to send to your office and the Oil Conservation Division and have recently learned that there were no open hole logs run on this well. The tops and zones were obtained from the logs on the Warren Unit, Well #97 for which this well was a twin.

Please see enclosed the back side of the Form 3160-4 designating the formation tops and geologic markers. Please let us know if you need any further information on this well by calling me @ 1-800-432-2967 or writing us at the address below. Thank you.

Yours truly,

Ann E. Ritchie, Regulatory Agent  
Conoco, Inc.  
10 Desta Dr., Suite 100W  
Midland, Texas 79705
