Dear Ms. Carlson:

Reference is made to your recent application for an amendment to Division Order No. DHC-2166 dated January 4, 1999, which authorized the downhole commingling of DK-Abo and East Warren-Tubb Pool production within the Federal "24" Well No. 6, to add the Blinebry Oil and Gas and Undesignated DK-Drinkard Pools as additional commingled zones in the well.

It appearing that the subject well qualifies for approval for such amendment pursuant to the provisions of Rule 303.C., and that reservoir damage or waste will not result from such downhole commingling, and correlative rights will not be violated thereby, you are hereby authorized to commingle the production as described above and any Division Order which authorized the dual completion and required separation of the zones is hereby placed in abeyance.
