
Carlsbad, New Mexico
July 27, 1933

Mr. L. E. Barrows,
The Texas Company,
Fort Worth, Texas.

Dear Sir:

This will acknowledge receipt of your
"Notice of Intention to Drill New Well" covering
well #4, in Sec. 21 T. 21 S., R. 33 E.

Please advise us of the amount of cement
that you expect to use in cementing each string
of pipe and the size of the hole.

We feel that adequate cement shall be
used behind the 10" to keep each water encountered
within their respective stratas.

You do not need to suspend operations
while waiting for your approved copy of "Notice
of Intentions to Drill" for this well. It will
be approved as soon as I receive the above infor-
mation. Thanking you for the usual prompt atten-
tion.

Very truly yours,

J. D. Hunter,
Oil & Gas Inspector.
