

# OIL CONSERVATION COMMISSION

HOBBS, NEW MEXICO

July 18, 1958

Southwestern, Inc. & A. C. Holder  
P. O. Box 1116  
Lovington, New Mexico

Gentlemen:

This office has been holding Form C-103 showing that you are now the operator of the Phillips State No. 1 in Unit M of Section 7, T-21-S, R-34-E, formerly operated by Wm. B. Barnhill, for approval of your plugging bond.

We have now received approval of a one well plugging bond for Southwestern, Inc.; however our records indicate that the only bond on file for A. C. Holder is a blanket bond filed by A. C. Holder & W. G. Ross. Since the Commission requires that the name of the operator of the well must correspond exactly with the name in which the bond is filed, it will be necessary to either change Form C-103 to show only Southwestern, Inc., or change the bond to correspond with Form C-103 as it now reads.

Yours very truly,

OIL CONSERVATION COMMISSION
