Hobbs, N.M.

Dear Roy:

As you will remember, John Fidel and D. D. Thomas have drilled a well in Sec. 12-21-34. They want to cancel the bond on this well.

I told them to send you a form C-103, Report on results on plugging well. To the best of my knowledge, the pits are not filled and there was no regulation marker set up. Will you write J. S. Ward, Ward Bldg., Artesia, N.M. and tell him exactly what is required before ~~your~~ ^{his} bond can be terminated.

Yours very truly,

OIL CONSERVATION COMMISSION
