Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

The Well was originally drilled to 3671' in 1955. In 1965, the well was deepened to 3709'.

Permission is requested to deepen the well not more than 100' in an effort to obtain more oil and to reduce the water-oil ratio. If productive zones are encountered, 4½" casing will be run to surface and cemented to inside of 7" casing and perforated. Permission also requested to acidize with not more than 2000 gal of acid.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
