P. O. Box 380
Eunice, New Mexico

Dear Mr. Whitaker:

Enclosed find approved copy of Form C-102, Notice of Intention to run 3925' of 7" casing to be cemented with 300 sacks.

The rules and regulations of the Oil Conservation Commission requires that this cement must return to the top of the salt section instead of the base of the salt section where there is only 250 or 300' of surface casing.

Very truly yours,

OIL CONSERVATION COMMISSION
