

DUPLICATE

July 18, 1950

89104 - State of New Mexico "AL" Lease
Lea County, New Mexico
Form C-110, Well No. 1

Mr. Roy O. Yarbrough
Oil and Gas Inspector
Oil Conservation Commission
Hobbs, New Mexico

Dear Sir:

We recently forwarded to you Form C-110 in quadruplicate dated June 26, 1950, to cover our State of New Mexico "AL" Well No. 2. This form, according to your stamp, was received in your office on July 5, 1950, and you returned a copy to us which you approved on July 5, 1950.

In checking our records on Form C-110, we find that the form referred to above should have covered Well No. 1 instead of Well No. 2, and corrected form dated July 18, 1950, is attached in quadruplicate to cover Well No. 1.

For your information, Form C-110 dated August 5, 1948, was approved by you on August 30, 1948, to cover our State of New Mexico "AL" Well No. 2.

We regret this error and will appreciate your substituting the attached form for the one filed in error under date of June 22, 1950.

Very truly yours,

C. F. Neill
Assistant to Division Manager

JNC-JK

attach.

(See Instructions on Reverse Side)

INSTRUCTIONS

This form shall be executed and filed in quadruplicate with the Oil Conservation Commission at Santa Fe, New Mexico, covering each unit from which oil is produced. A separate certificate shall be filed for each transporter authorized to transport oil from a unit. After said certificate has been approved by the Oil Conservation Commission, one copy shall be forwarded to the transporter, one copy returned to the producer, and two copies retained by the Oil Conservation Commission.

A new certificate shall be filed to cover each change in operating ownership and each change in the transporter, except that in the case of a temporary change in the transporter involving less than the allowable production for one month the operator shall in lieu of filing a new certificate, notify the Oil Conservation Commission at Santa Fe, New Mexico, and the transporter authorized by certificate on file with the Commission, by letter of the estimated amount of oil to be moved by the transporter temporarily moving oil from the unit and the name of such temporary transporter and a copy of such notice shall also be furnished such temporary transporter. Such temporary transporter shall not move any more oil than the estimated amount shown in said notice.

This certificate when properly executed and approved by the Oil Conservation Commission shall constitute a permit for pipe line connection and authorization to transport oil from the property named therein and shall remain in full force and effect until

- (a) Operating ownership changes
- (b) The transporter is changed or
- (c) The permit is cancelled by the Commission.

If any of the rules and regulations of the Oil Conservation Commission have not been complied with at the same time this report is filed, explain fully under the heading "REMARKS."

In all cases where this certificate is filed to cover a change in operating ownership or a change in the transporter designated to move oil, show under "REMARKS" the previous owner or operator and the transporter previously authorized to transport oil.

A separate report shall be filed to cover each producing unit as designated by the Oil Conservation Commission.
