

NEW MEXICO OIL CONSERVATION COMMISSION

SANTA FE, NEW MEXICO

MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

The Texas Company's State of New Mexico "A1" Well No. 2 in NW 1/4 NE 4
Company or Operator Lease
of Sec. 26, T. 21-S, R. 34-E, N. M. P. M., West Eunice Field.
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

TD: 3850 - Lime

This well was completed and tested 8-19-48, pumped 26.22 bbls fluid, 16% BS&W in 24 hours. Continued producing of this well lowered its productive capacity to 4 bbls oil and 45 bbls water per day in September 1949.

In view of the failure of this well to produce on an economical basis we desire to abandon, salvage & plug well in the following manner.

All measurements are from derrick floor or 3' above ground.

16" Casing cemented at 202' with 174 sacks. Cement circulated.

(See Back)
